

ABN & PRR COLLEGE OF SCIENCE- KOVVUR

ECO CLUB AND BOTANICAL GARDEN

Occasion: National Pollution Control Day

Organized by: Eco club

Date: 02-12-2025

Venue: Projector room & Biochemistry Lab

The Eco Club of our college successfully organized **National Pollution Control Day** to create awareness among students about environmental pollution and the need for its control. The programme aimed to educate students on the harmful effects of pollution and to promote eco-friendly practices.

The programme began with a brief introduction highlighting the significance of National Pollution Control Day and its relevance in today's context. The event was graced by the **Principal, Vice Principal, and IQAC Coordinator**, who addressed the gathering with inspiring speeches.

The **Principal** emphasized the importance of environmental protection and encouraged students to take responsibility in reducing pollution through sustainable practices. The **Vice Principal** spoke about various types of pollution and their impact on human health and ecosystems. The **IQAC Coordinator** highlighted the role of educational institutions in promoting environmental awareness and student participation in green initiatives.

As part of the event, students actively participated by presenting **posters and models** related to pollution control. The posters focused on themes such as air, water, soil, and noise pollution, while the models demonstrated innovative ideas for waste management, recycling, and pollution reduction. The students explained their exhibits clearly, showcasing creativity, awareness, and scientific understanding.

The programme concluded with a message encouraging all students and staff to adopt eco-friendly habits in their daily lives. The celebration of National Pollution Control Day was informative and impactful, motivating students to contribute towards a cleaner and healthier environment.
